

CHILDREN

THE BIG IDEA.

The Bible tells us that the heavens declare the glory of God and the skies proclaim the work of His hands. As such, we believe that creation is the theater of God's glory and the expression of His love for the people He would place inside of it. **Our vision is to equip children with a foundation of faith that allows them to discover their true and royal identity as God's creation for His glory.** We do this through the Gospel of Jesus Christ, where God's glory and love are seen in full measure. In Christ, we are rescued and restored to our royal identity and unleashed to engage the world with the message of glory and love in Jesus. In this way we are ever aware of our identity and purpose in the theater of God's glory.
