## THE BIG IDEA.

In John 4, Jesus has a fantastic conversation with a Samaritan woman at a well. In this conversation He exposes the broken heart of the woman who continued to chase after relationships that only ended in further brokenness. Jesus then reveals Himself to be the great lover of her soul, the one true and everlasting relationship that she was created for and that could heal her broken heart, fill her to overflowing and set her on mission. In a world that vies for the affections of our teenagers, it is our desire to lead our teenagers to this same love and grace of God as seen in the person and work of Jesus Christ. Our vision is to see our teenagers so captured by the love of Christ as seen in His cross, that they will be consumed by the mission of Christ and unleashed into the world carrying, proclaiming and living the Gospel of Jesus Christ.
